E-40 Enoch, Enoch, before the world, the antediluvian destruction, if He wanted to show a type, how could He do if He didn't want Enoch to die?

He had to make a translation for him. So God just made a rapture for--for him. God had to do it in order to make a type out of Enoch.

HEBREWS 11:5

5 By faith Enoch was *TRANSLATED that he should not see death; and was not found, because God had translated him: for before his translation he had this testimony, that he pleased God.

43 The first Bible was ever written, was written in the skies, the zodiac. It starts out with the virgin; that's how He come first.

It ends up with Leo the lion, the second coming. And He's writing His first Bible.

The second Bible was written, was written by Enoch, and put in the pyramid.

The third Bible was written, and the last one, is this One.

[Brother Branham indicates his Bible--Ed.]

God always does things in threes. God is perfect in three. He's perfect. [Brother Branham clears his throat--Ed.] Pardon me. He's perfect in Father, Son, Holy Spirit. He's perfect in justification, sanctification, baptism of the Holy Spirit. He's perfected in His threes.

We are in His making, so we are perfected in three: soul, body, and spirit. And our body's controlled of--of nerves, of blood, and of cells (flesh): three. All perfected in three. . .

All the calendar of astronomy points right straight; the stars are declaring it, as they did at the first time. . . .

ADOPTION. 2_ JEFF. IN AD. 2 WEDNESDAY_ 60-0518

45 As I've often made this remark and said God made three Bibles. The first one, He put It in the sky, the zodiac. Did you

ever see the zodiac? What is the first figure in the zodiac? The virgin. What's the last figure in the zodiac? Leo the lion.

He come the first time through the virgin; He comes the second time as the Lion of the tribe of Juda. See?

He made the next one in the pyramid, back in the days of Enoch, when they made the pyramid. And they measure them. I don't understand it. But to the wars, where they stoop and go on their knees for so long, and can measure the distance of the wars.

You know where they measure to now? Plumb across the king's chamber. . . .

LET'S LOOK AT SOME OF THE POINTS OF THE GREAT PYRAMID

The Great Pyramid sets in the center of gravity of the continents. It also lies in the exact center of all the land area of the world, dividing the earth's land mass into approximately equal quarters.

The north-south axis (31 degrees east of Greenwich) is the longest land meridian, and the east-west axis (30 degrees north) is the longest land parallel on the globe. There is obviously only one place that these longest land-lines of the terrestrial earth can cross, and it is at the Great Pyramid!

The average height of land above sea level (Miami being low and the Himalayas being high), as can be measured only by modern-day satellites and computers, happens to be the same as the height of the pyramid!

The curvature designed into the faces of the pyramid exactly matches the radius of the earth not known until modern day technology was available. How did they know this?

The measurement used by the builders, the "pyramid cubit," when divided into the base length of the Great Pyramid is 365.

242 pyramid cubits. This is precisely the number for the days in one year.

A line drawn on a map from the apex of the pyramid to Bethlehem =angle of the Ascending Passage and crosses the Red Sea at the most likely point that the Israelites crossed when departing Egypt (Parting of the Red Sea).

A line drawn on a map south from the apex of the pyramid at the angle of the Ascending Passage crosses Mount Sinai (Ten Commandments).

The orientation of the Great Pyramid is within 3/4 inch of true north. A modern magnetic compass is usually far less accurate.

The ancient Egyptians called it the "Pillar of Enoch".

One person who measured and studied the Great Pyramid was a structural engineer by the name of David Davidson early last century. This agnostic set his mind to *disprove* what all these pyramid theories were about.

When he completed his task, his conclusion was that the Pyramid was "truth in structural form" and that it "established the Bible as the inspired work of God".

The Great Pyramid has been called "the Bible in stone" because its passageways and chambers reveal geometrically, in line and symbol, the profound spiritual truths of the plan of redemption.

Silent geometry reveals a remarkable witness. The slope of the walls of the pyramid being the same slope and curvature of the earth.

IT'S COMMON KNOWLEDGE THAT THE EGYPTIANS AT THIS TIME IN HISTORY DIDN'T HAVE THIS UNDERSTANDING OF SUCH THINGS.

The Grand Gallery terminates at a Great Step beyond which, a level floor under a low passageway takes one to the Ante Chamber of the King's Chamber. Known as "Enoch's circle," the Ante Chamber is 10 feet long by 42 inches wide, by 12 feet high.

Enoch's circle measures 365. 25 inches. Genesis 5:23, *"All the days of Enoch were three hundred sixty-five years. "*

The dimensions of the Holy of Holies match the King's Chamber and the interior capacity of the Coffin matches that of the Ark of the Covenant, indicating only so-many saints are foreknown.

The Great Pyramid, is an instructive symbol patterned after the same heavenly vision as the tabernacle and Solomon's temple.

Looking at the dimensions of the The King's Chamber and at the dimensions of The Sarcophagus within it, in terms of regular inches, reveals evidence of the encoding of advanced information, including circle/sphere geometry, the use of 360 degrees-of-arc on one complete circumference,

the math constants of Pi and the RADIANT (deg), the use of 'base ten', the Precession Cycle of Earth in years, the speed-of-light in Earth's atmosphere in terms of miles per second, and the Square Root of 5 as the TANGENT of said light speed.

The Great Pyramid was constructed of granite overlaid with 144,000 white limestone slabs cut to optical precision. The joints are consistently one fiftieth of an inch, that's about as thick as five pages of your Bible, but the cement was probably used as a lubricant to slide the blocks into position.

None of these highly polished stones weigh less than a ton. Typing the Church of All Ages, Brother Branham said, *"It's got to be honed. In that pyramid, you can take a razor blade, and you can't run between them rocks where the mortar was; it's so fitly put together"* (Spoken Word Original Seed Jeff, p. 107:5).

Our revelation must be Word upon Word, line upon line, contiguous from Genesis to Revelation— each dispensation blending seamlessly into the next.

The Great Pyramid was God's Absolute that would preserve a great wealth of knowledge for the generations born after the Flood. For instance, the constant pi, which more than a thousand years after the Flood the Egyptians did not know.

It reveals the shape of the earth, its size and distance from the sun and that the Poles were flattened. None of the later pyramids reveal such perfection of mathematical and architectural skills as The Great Pyramid.

Brother Branham said, *"just before the antediluvian destruction and the flood time . . . they had a greater civilization than we have today. I believe that they had control of atomic power.*

I think that's what shook the world from its orbit. . . . And we're taught and know that the world stood upright. But they had such mechanical and such science till they could build a pyramid, sphinx, so forth, that we couldn't reproduce today.

We have no machinery to lift those blocks that far, 'less it would be atomic; gasoline power won't do it, and electrical powers won't do it. But it was another age much smarter than our age" (End-Time Evangelism, p. 13:73)

There are 144,000 casing stones, all highly polished and flat to an accuracy of 1/100th of an inch, about 100 inches thick and weighing about 15 tons each with nearly perfect right angles for all six sides.

Computer calculations indicated 40,745 casing stones were used averaging 40 tons each before the face angle was cut. The number 144 comes up here which is in revelation 21:17 (the height of the wall in heaven).

THE. TRUE. EASTER. SEAL_ JEFF. IN V-14 N-3 SUNDAY_ 61-0402

130. . . . that headstone was never put on the pyramid. It's an open top, if you've ever been there. By the grace of God, I have. So there's no--there's no top on the pyramid. What is it? Enoch built it before the flood.

It was a--a memorial; that's the reason it never destroyed during the time of the flood. There's nothing destroyed it, because it is a memorial.

THE. TRUE. EASTER. SEAL_ JEFF. IN V-14 N-3 SUNDAY_ 61-0402

131 Now, if you notice, way down at the bottom it's wide; then it shapes up a little more in the minority, and then a little more, and then it goes to the headstone.

That's the Lutheran age, justification in the church; sanctification; then the baptism of the Holy Ghost. But as it shapes towards the top, it continues from Lutheran age, to Wesley age, into Pentecostal age.

But after it leaves the Pentecostal age, it still shapes up until it has to get to such a place till all those stones are so honed till a razor blade. . .

THE. TRUE. EASTER. SEAL_ JEFF. IN V-14 N-3 SUNDAY_ 61-0402

132. . . . Now, that's what God is doing to His Church. He's honing off the people, and making it in such a perfect way, that when the Headstone,

Christ, comes, it fits the building together, and then a resurrection of the whole thing, the church is gone up. The Headstone. . .

BLASPHEMOUS. NAMES_ JEFF. IN V-3 N-21 SUNDAY_ 62-1104M

12-1 Then Enoch completed in his day, or back in that day, the pyramid. And it would. . . 'Course we haven't got time to background it and show how that that pyramid come up through the chambers and so forth.

It speaks right straight to the end time now. They're in the king's chamber now by the measurement. But the headstone never was put on the pyramid. And that sets perfect architecturally or--or masonry, until even a--the little thin razor blade. . .

And they don't know how they ever built it, don't understand--could ever a razor blade slice along the sides where that mortar should be, and there's no mortar in it. It's just perfected, put together.

So that's what it is when Christ and the Church becomes one. There's no mortar between; there's nothing between, just God and the person: God, Christ, and the person.

JESUS. KEEPS. ALL. HIS. APPOINTMENTS_ TAMPA. FL SATURDAY_ 64-0418E
19 And the--the capstone that goes upon the pyramid, was. .
. it was rejected. It never was on the pyramid, isn't till this day; the Stone of Scone, they claim. But it never was put on, the capstone.

Why? When Enoch and them, in the early days, built the pyramids down in Egypt, we find out, and in there, they knew that the cornerstone, the capstone, would be rejected. And that pyramid is put so perfectly together till they don't need mortar.

It was so mechanically hewed out until one stone fits against the other one, so tight, you can't even put a razor blade between them. Now, just kept heaping up, and now it's all honed off, on top, ready for the capstone when it will come.

20 That's the way God has brought His Church, from justification, sanctification, baptism of the Holy Spirit, and now the ministry of the Spirit which is what quickens the Word. That ministry in the Church will have to be just exactly like His.

THE. FEAST. OF. THE. TRUMPETS_ JEFF. IN V-3 N-16 SUNDAY_ 64-0719M

110 Like the pyramid, how it comes in the minority all the time, from the great wide; from Luther, Wesley, Pentecost, and then the capstone in the top of it is so honed, and each one of those stones are so perfectly put together.

And we don't know yet how they did it, but it's so perfectly put together in that pyramid! And we're not pyramid teaching now, we're just. . .

111 Enoch and them built it, years ago, and it stands for a symbol. Just the same as the sun rises and sets; just the same as the tree drops its--its leaf, and comes back again; as a fish, and the cattle, and everything else symbolizes it. That pyramid stands as a symbol.

THE. FEAST. OF. THE. TRUMPETS_ JEFF. IN V-3 N-16 SUNDAY_ 64-0719M

112 Go into the prophet's chamber and watch them seven steps. Where did the--where did the guard meet the challenge to bring the comer into the presence of the king? At the top of the steps; was in the seventh step.

There shows that we've got to come again with that same Spirit that was on John; he introduced the Messiah. He was greater than all the prophets; he introduced It. And we've got to come to a place, again, to something that's going to introduce the Messiah.

371 Now, now, that doesn't necessary mean, by being equal. .
. It said, "And the walls and the foundation were equal," that
doesn't necessary mean that it's a cube or square.

There is another geographical measure, that the dimensions are
the same, that is, a pyramid. Foursquare, "lieth foursquare,"
and the walls were the same.

in Egypt, the pyramid. Would it?

Enoch, before the antediluvian destruction, when justification was
coming in, he brought forth a sign, and in this pyramid is seven
steps going to the king's chamber. Watch on the seventh step, if
you ever studied the dimensions of the pyramid, what comes out
to take the oncomer, to introduce to the king.

Watch whose station that is standing there, and you'll see the day
you're living, in the pyramid.

392 The New City and the New Earth; the new creation; the City on the Hill, with the Throne in the top of it. [Brother Branham draws illustrations on the blackboard, for the next few paragraphs--Ed.]

The Throne up here, in the top; and the dwellers, all up-and-down, on this Mountain.

393 And the wall that's around this, had twelve foundations. And each one of them had the breast stone was in Aaron, which represented the twelve tribes of Israel.

394 And, in the gates, they had four gates set just exactly like the temple in the wilderness, like the tent was in the wilderness. Notice each one, had--had the apostles, three on each side, twelve apostles. Each. . . And it was one hundred and forty-four cubits high.

One hundred and forty-four cubits is exactly two hundred and sixteen feet, making each one of those big stones almost twenty-foot tall, the breastplate in that gate, making up that wall that was around the City.

Oh, I wished I had that kind of faith. It's going to take that kind of faith at the coming of the Lord, to take a little stroll some afternoon out here and walk right on out home with Him. . . . Yes, a man has that faith, I'd never put a straw in his way.

I'd praise God for him just as hard as I could. Yes, sir, because we'll have to be that way before we are raptured with Him in the last days.

35-3 Oh, and I remember when He swept down there in that big Light, standing yonder at the bottom of the river, 1933, in June, when He said, "As--as John the Baptist was sent forth and forerun the first coming of Christ,

I send you with a Message to the world to forerun the second coming of Christ. " And around the world she's went, when revival fires had been built for fifteen years on nearly every mountain. . . ?. . . Divine healing across the nations, and the power, and restoration. . .

And now, I believe she's ready to strike that final climax yonder to bring forth a faith that'll rapture the Church into glory (It's the truth.), and She's laying in the Messages. We're really at the end time. We've talked about it and everything, but the thing has moved upon us now.

I believe there's a church on its road tonight, a power of the living God, that men will speak the Word here and there, and it'll flash like lightning. And a church is coming out, not a psychologist, not some of this put-on, make-belief; but a real, true, genuine, anointed Holy Ghost, called-out church. Amen.
